Frequently Asked Questions

#	Questions	Responses
1.	Where do I get my Log In details from?	Please use your EMIS username / passwords for the practice.
2.	Could I use the system from any computer?	Yes, from any PC on or within the Practice's Network where EMIS web is accessible.
3.	Could I use mobile devices to assign questionnaires?	Yes, from any device within the Practice's Network where EMIS web is accessible.
4.	Can I Search a Patient by using the Patients NHS Number	Yes. You can also search by their Name, Surname, Date of Birth, and Postcode.
5.	Are you able to search more than one patient at a time?	Your search filters the patients that has the search criteria in their patient record, e.g. SMITH will bring up ALL patients who have this text in their demographics. You can then select the one you require.
6.	What will happen if I do not select a Patient first.	You will be prompted by a pop up to 'SELECT' a patient to add to a "Favourite List".
7.	How many "Favourite Lists" am I able to create?	There is no limit to creating a Favourite List.
8.	How do I add to my "Favourite List"?	You must 'SEARCH' then 'SELECT' a Patient to add to your "Favourite List".
9.	Can I Re-Name, Edit or Delete a Favourite List	Yes, you can by using the 'Edit' or 'Delete' tabs next to the 'Favourite List'

10.	What happens if I do not select a patient before I assign a questionnaire.	You will be prompted by a pop up to 'SEARCH' then 'SELECT' a patient before Assigning a questionnaire.	
11.	Do I need to select a patient before deleting an Assigned Questionnaire	Yes, Click on Delete Ass Q and SELECT from the list provided.	
12.	Can I save an assigned questionnaire without any General or Personal Notification?	Yes.	
13.	Are you able to select numerous patients to assign a Personal Notification?	Yes, you are able to select as many patients as you require on the Assign Questionnaire page for Personal Notification.	
14.	Are you able to select numerous patients to assign a General Notification?	Yes, General Notification are for all patients.	
15.	How many Notifications can one patient have?	At any one time only One General and One Personal Notification is allowed	
16.	To set a mandatory questionnaire do you need to select a patient first?	No. Click 'SET mandatory questionnaire' and tick the questionnaire desired.	
17.	What is a Mandatory Questionnaire?	A Mandatory Questionnaire is one that is assigned to ALL patients registered in the practice so All patients can view and complete it	
18.	Once a patient responds to the Mandatory questionnaire will the questionnaire be showed again during the patient's next log in?	Once the Patient submits the Mandatory questionnaire it will not be shown again at next Log in unless it is re-assigned to the respective patient	
19.	How do I select a Mandatory questionnaire?	Simply 'CLICK' on 'Set Mandatory Questionnaires' tab and select by highlighting the relevant questionnaire.	
20.	Could I assign a specific Questionnaire without the Mandatory Questionnaire?	Yes, by SEARCHING and SELECTING the Patients Name you are able to Assign Questionnaires.	

21.	If a patient is not assigned a questionnaire will the patient be able to access the Mandatory questionnaire?	Yes, Mandatory Questionnaires are for every Patient to view when they log in to Patient Plus
22.	Could I customise the questionnaire?	The questionnaires are agreed by the practice or the CCG and Users are not allowed to edit to abide by the standards and protocols.
23.	What happens when the patients submit their responses?	Once submitted the information is uploaded directly to the Patient Record in EMIS web and accessible by all EMIS users of the Practice
24.	If I move away from my computer will the application log me out?	Yes, a prompt displays inactivity giving the User 30 secs to Cancel before logging the user out
25.	How long would I have before the inactivity logs me out?	The time period will be set by the Practice during installation, generally a couple of minutes of inactivity is allowed to ensure confidentiality of the patients' records.
26.	Will I lose my work if the computer logs me out due to inactivity?	No, once you log back in the system will take you to the last screen of action.
27.	Is the questionnaire library customised to our requirements?	Yes.
28.	Where can I get help if I need to train my colleagues?	The Practice Manager should have a user guide to share with all colleagues. A video is also available with the Manager. If the Practice needed further face to face or online training, the Manager will be able to connect with Sympl to arrange extra training sessions.
